

.015 SMALL LITTER BIN Design Alberto Basaglia Natalia Rota Nodari

Single, double or triple, the Small Basket is perfect for waste sorting in public spaces.

A “mini” version of the larger Basket, the Small Basket is presented in the same style using metal tubes and is similarly available in stainless steel or painted charcoal. The internal bucket is also charcoal-coloured. Bent pipe structure, diameter 18mm, made of stainless steel or polyester powder coated steel tube available in different colours. Hot-dip galvanized steel for outdoor use version. Ready-equipped for fastening to the ground with bolts or steel linking plate.
