

.h24 FLAT BENCH Design Alberto Basaglia Natalia Rota Nodari

A modern and essential interpretation of a traditional bench made of wood and metal, where the issue of maintenance is resolved through the use of technological aluminium slats and heat-transfer film. Structure made of steel, polyester powder coated in different colours. Hot-dip galvanized steel for outdoor use version. Seat made of aluminium staves, epoxy painted in different colours or decorated with heat transfer film for a natural ash wood grain effect. Ready-equipped for fastening to the ground with bolts.
